LinkedIn.

CAREER OBJECTIVE

I am a confident computing student. I thrive on transforming complex ideas into elegant and user-friendly applications. I am well-versed in software development methodologies and am constantly exploring emerging trends in the field. With a strong commitment to continuous learning, I am excited to contribute to projects that push the boundaries of technology and make a meaningful impact, whether working within a team or individually.

WORK EXPERIENCE

IT Intern

Irish Life

January 2023 - August 2023 / Dublin, Ireland

- I worked on database analytics, learning troubleshooting skills, resolving technical issues, assisting software setups and leading and assisting various projects contributing to the overall efficiency of IT operation in Irish Life.

Technical Support Engineer (Work Experience)

Ingersoll Rand

February 2019 - February 2019 / Dublin, Ireland

- Handled tickets with remote and on-site support based on the nature and complexity of issues.

Business Support Administrator (Work Experience)

Bruntwood

July 2017 - July 2017 / Manchester, United Kingdom

- Provided support, direction, and resources to reach established business goals.
